

## Top 5 commonly used approved telehealth platforms (Free or low cost)

---

1. **Zoom** (Free) <https://zoom.us/pricing> 40 min time limit per video call on the free account. The next level up is \$14.99 per user per month and has no time limitations. Very stable platform and very user friendly for both members and providers.
2. **VSee** (Free) <https://vsee.com/hipaa-messenger-2> Free version offers video, chat, and picture sending capabilities. User friendly platform and is the preferred video choice for some very large name companies (e.g. NASA, Walmart). Next level up is \$50 per month per user.
3. **Doxy.me** (Free) <https://doxy.me/pricing> great functionality, free account offers many ideal features including unlimited video visits. User friendly platform. Next level up is \$35 per month per user.
4. **Vidyo** (Low Cost) <https://www.vidyo.com/video-conference-systems/desktop-video-calling/vidyoconnect-pricing> not quite as user friendly as the previous 3 companies. 60 day free trial and \$20 per month per user after.
5. **WeCounsel** (Low Cost) <https://www.wecounsel.com/pricing/> For \$25 per month you get unlimited video visits, basic scheduling, and calendar sync capabilities. Has been very user friendly for our providers and members.
