"I highly recommend everyone take this program. You can get a lot from it. It opens you up and gets you thinking and understanding other people's perspectives. Overall it teaches you things that you can apply here and in your personal life."

—Joseph Watkins (CDS)

"It has been a great way to connect with different people across the campus. I have enjoyed listening to people's personal stories and perspectives at the workplace. Also, it has given me time to reflect on my own actions and areas I can improve on to be better for the residents and co-workers."

—Consuelo Teresi (RBT)
