ON-GOING RECRUITING EFFORTS

The Recruiting team is consistently working to attract caring and compassionate people to join our community. Our Recruitment efforts this month include the following:

- **Site Visits to Instituto:** During the early part of March, we were able to speak to a graduating class of nurses at Instituto. We also conducted mock interviews which was a new experience for them and helped them prepare for their future. In addition to speaking with the nursing class, we visited with CNA program participants. This was resourceful in spreading interest to their graduates that are looking to start their careers in the medical field. Jorge Rendon who attended Instituto 5 years ago, went with the Recruiter to speak with the class, which gave them a perspective from an alumnus!
- **Social Work Career Fair at Loyola University:** This fair brought about opportunities to meet and connect with students who have an interest working in the field of Social Work. We were afforded the chance to speak to students about Misericordia and the positions we have available. These were great educational opportunities, as many of them were given deeper insight into the joys of working with our residents.
- **On-site Job Fair:** We are happy to announce that we'll be hosting an on-site job fair on April 25th, 11am-3pm in the Devon Café. Please share this information with anyone that you think may have interest in joining our community. When discussing, it's important to note that candidates have the same vaccination requirement as all of our staff. Job fair attendees will be required to present proof of full vaccination, including receipt of booster, if eligible, depending on the time they received their initial vaccine.

As a reminder, the Referral bonus is still in full effect! If you refer someone and they successfully complete six months of employment, you'll receive a \$500 bonus + another \$500 if they stay for a year!

SECOND BOOSTER ELIGIBILITY

People who are 50 and older and certain immunocompromised conditions are eligible for a second Pfizer-BioNTech or Moderna COVID-19 vaccine booster, according to the CDC guidelines, [found here](#). If you are eligible and interested in receiving the second booster, [click here](#) to find clinics in your area.

A MESSAGE FROM THE HEART

"Individually, we are one drop. Together, we are an ocean."
