### TESTING FOR COVID SYMPTOMS OUTSIDE OF WORK

As we are noticing an increase in local COVID cases, we ask you to revisit this health and safety precaution for the warm-weather season. Staff members are encouraged to test no earlier than 48 hours after a known exposure and to report it immediately to their supervisors. Misericordia only accepts lab-based PCRs and rapid tests, since these tests have the identifying information needed for health and safety purposes. Results of COVID testing should also immediately be reported to your supervisors.

### SECOND BOOSTER ELIGIBILITY

People who are 50 and older and certain immunocompromised conditions are eligible for a second COVID-19 vaccine booster, according to the CDC guidelines, [found here](#). If you are eligible and interested in receiving the second booster, [click here](#) to find clinics in your area. Please be sure to turn in your updated cards to HR.

### IN-PERSON MASS CONTINUES
