HOLIDAY PRECAUTIONS AND GUIDANCES

As we all prepare for the holidays, keep in mind a few precautions to remember.

Travel safety considerations:

- Delay travel until you are fully vaccinated, or wait until you get a booster shot if eligible.
- If you're not fully vaccinated, test 1-3 days before and 3-5 days after traveling - Travel during off-peak times to avoid crowds.
- Drive a private vehicle to reduce exposure to COVID-19.
- If using public transportation, try to travel during non-peak times. Masks are required on/in all areas of mass transit.

Guests and gatherings:

- Keep indoor gatherings small - Arrange seating and other areas to allow for physical distance
- Increase airflow by opening windows and/or doors
- Avoid having people congregate, such as in the kitchen or at the buffet.
- Clean and sanitize the kitchen, bathrooms, and other areas used by guests.
- People who are sick with fever, cough, or other symptoms of COVID-19, or have been exposed to someone with COVID-19, should not travel or gather for holiday events during that time. Unfortunately, we must also worry about the flu during the holiday season.

We also advise you to [click here](#) to view the "COVID-19 vs Flu" infographic, courtesy of the CDC. If your resident becomes ill during the home visit please call the Administrator or Director to seek further guidance.
