### **STAY WELL THIS MEMORIAL DAY**

In an effort to minimize campus COVID rates, we kindly ask everyone to use caution when gathered with friends and family this weekend. Consider spending social activities outside if the weather cooperates, or increasing the ventilation in indoor spaces by keeping windows open. Although staff at Misericordia are up to date on their vaccines it is still possible to get COVID, so please monitor your own health. If you are not feeling well, or if you have a known exposure to someone with COVID, be sure to get a lab-generated PCR or Rapid test after 48 hours of a known exposure, and report symptoms to your supervisor immediately.

### **A MESSAGE FROM THE HEART**
