PROTECT SAN JOSE

STOP THE WASTEFUL SPENDING OF PROJECT
LABOR AGREEMENTS BEFORE IT IS TOO LATE

San Jose Mercury News

“..it stands to reason that if you require contractors to sign a labor agreement — and hire from the union hall — some of them will decide to bid elsewhere. That means less competition for public jobs. In the end, it will cost the city more money, likely millions of dollars more. One study in Ohio showed that requiring labor agreements cost 13 percent more.”
