

2025 CONSTRUCTION CAREER DAY

WEDNESDAY MAY 7, 2025

Fairlife, Webster, NY

COMMUNITY CRAFTSMANSHIP AWARDS

Purpose of the Award: To recognize exceptional programs & students that are giving back to their community via construction projects that exemplify high quality craftsmanship.

Projects eligible to be nominated: Work performed by youth ages 12-24 that give back to the community or benefit the community may be nominated for this award. Eligible projects must be constructed between April 1, 2024 – April 15, 2025.

Who May Make nominations:

Community Programs, Students, Parents, Teachers, Project Recipients and Mentors are all eligible to make nominations.

Nomination Procedures:

Nomination forms for identifying and describing the work will be made available on the ROBEX website. Nominations must be received by the Awards Committee by April 15, 2025.

All nominations to be made electronically.

Basis for Award:

Value the project provided to the community/end user.
Builder creativity and problem solving.
Focus on high quality craftsmanship.

Geographic Limits:

Projects must be completed within the following counties: Monroe, Orleans, Genesee, Wyoming, Livingston, Ontario, Yates, Seneca, and Wayne.

Award Submission Process & Criteria:

Nominations must be submitted through the form on the ROBEX website.

A Minimum of 5 photos are required and should be submitted at the time of nomination. Photos should capture construction progress, details, and end product. Short Videos of the project will be accepted as well.

Awards Selection:

Nominations are turned over to the Awards Committee, who may visit the site, inspect the work and determine the Award-winning work. If site is not accessible, photos will be used for review.

All determinations are solely in the hands of the Selection Committee.

Top 3 recipients selected by the Selection Committee with by notified and invited to attend the Construction Career Day.

At Construction Career Day, event attendees will vote live to determine the grand winner.

Selection Committee:

An array of trades experts put together by ROBEX based on multiple facets of the trades.

Prizes:

Top 3 nominees will receive a monetary amount towards their organization.
