The Junior Builders Exchange, the Builders Exchange of Rochester, and Flower City Habitat for Humanity have partnered to build a home for a local family in need on Saxton St. After a year of uncertainty, we are excited to take on this challenge and gather our industry to provide the "American Dream" to a deserving homeowner.

In support of this project and our beautiful city, please join us and the Rochester community for a neighborhood cleanup at Saxton St.

All supplies to be provided by the City.
