

OPPORTUNITY IS KNOCKING, ARE YOU READY??

*** Special Call with Wes for Business Owners ***

Good morning,

There's been a lot of fear, panic, and uncertainty around the Coronavirus lately...

And whether or not you're worried about the virus *itself*, the effect on the economy is undeniable (you're already seeing that start to happen.)

So, I wanted to go LIVE to address some questions like,

"What can you do to safeguard your business?"

"What is Business Impact doing to prepare?"

"How could you prepare as a businessowner?"

"What OPPORTUNITIES are there to do things differently?"

I am hosting TWO Live Zoom calls starting in a few hours to assist you!

Please **register** by clicking on the date and time that works for you... you can be on multiple sessions to hear the input and tactics that get shared. I am fully here to bring some calmness to the situation and to serve YOU!

[Wednesday March 18th @ 7:00pm – 8:30pm](#)

[Friday March 20th @ 7:00pm – 8:30pm](#)

As a fellow Canadian, I sincerely care about you and want to help you in any way I can!

See you on one of the calls!
