

Students and Parents,

College is more selective and expensive than ever, but a great ACT® score can open doors to funding and admission. If your student is trying to get into the college of his/her choice or obtain scholarship money, and you're worried their ACT® score might hold them back, there is hope!

We are offering our students the opportunity to partner with TorchPrep™, an innovative test training program that cracks the code on improving ACT® scores. Through strategy-driven training focused on repetition, customization, and student motivation, TorchPrep™ will help your student overcome the ACT®.

I strongly believe this program will be beneficial for your student. TorchPrep™ has continually yielded outstanding ACT® score improvements for our students. **TorchPrep™ is worth it!**

All Courses Include

- * 30 hours of Direct Training
- * 4 Full-Length Simulated Tests
- * Customized Study Plan
- * TorchPrep Training Manual
- * Testing Watch
- * Guaranteed Results
