Cohen Children's Medical  
Center of New York

*I am a Champion for Cohen Children's  
Medical Center!*

I have a peanut allergy and I carry my EpiPen with me everywhere I go. I feel safer knowing it is right there to save my life in an emergency. There are children with life threatening allergies like me, **LIVING WITHOUT EPIPENS**. Please help these kids in need of life saving medication.

*Thank you! Madison Schioppo*
