Outreach to our local neighborhood; volunteering at Camp Loucon; Bible studies as well as other group studies; small group ministry.

I think small group bible study are essential and I am involved with one.

Due to my advanced age!!! I am really not available to contribute to the wellness of the church. I try to set a good christian example, keep up with my monetary commitments and attend when possible. I have been listening to the service on line and am very thankful for that opportunity.

Working directly with the poor and welcoming them into our church. Developing relationships with people out of my circle and sharing myself.

Anything in community outreach to help people who are disadvantaged in some way.

new member "cheerleaders" - pair new members with similar families/interests to spend time with new members to learn about programs, become acclimated to the community, etc.

Adult mission trips

I would like to see an annual adult only weekend retreat to Camp Loucon where we would have a time of devotion, recreation (zip lining, rappelling, canoeing), hayrides and s'mores, hikes and even dancing in Harbin Hall just like we did as campers! Some of us have wonderful memories of camp as teenagers.

I am willing to serve as requested, as long as able.

I am committed to being a part of the Worship ministry.

Back pack food program

Missions is my passion and I am already serving on this committee. I would like to see our church offer some type of fitness/exercise classes or get togethers. Our world struggles with healthy lifestyles and we need to get moving. Whether it be yoga, walking, healthy cooking classes, etc. My thought right now is to partner with Oasis on these because they are so close.

Wednesday Prayers in the Chapel. Offer a 30 min prayer session each Wednesday for people to come together as one and pray in our beautiful chapel. Again, invite the Oasis women to join us. I see this blossoming into relationships whether its in the morning, afternoon or evening.

Build these relationships.

Teaching English to the refugee community

I'm not sure that we need new programs. We need to focus on the programs that we have and strengthen their ministry foci. If anything, I would like to see more intergenerational options to minister together.
