

INTRAPRENEURIAL INITIATIVE

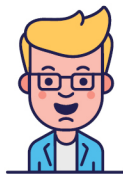

IDEATION SESSION FOR ASPIRING INTRAPRENEURS

Tuesday, June 20, 2017 at 6PM – Deloitte University, Toronto, ON

Turn your passion into action

The “Ideation Session” has been developed by the Intrapreneurial Initiative to help aspiring intrapreneurs align their interests and passions with a new division, company or social business they would like to develop with the support of a successful entrepreneur from their network. Whether the participant arrives with a dozen ideas or just one in the making, the workshop is designed to uncover opportunities based on the individual’s environment, resources, personal aspirations and competencies.

Please note that the ideation session is free of charge, but participants must meet the following participation criteria:

Be an aspiring intrapreneur in their 20's or 30's ready to innovate!

Be connected in some way to a business willing to share some resources

Know a mentor from that business willing to support the intraprise

To register for one of our ideation sessions,
please call or email Melody at
melody@intrapreneurialinitiative.org or 647-243-1264

Visit our website: www.intrapreneurialinitiative.org

** The Ideation Session is targeted towards the aspiring intrapreneur, but mentors/partners are invited to attend an information session in parallel.*
