### Warning re: Recent email Scams

Some of our District Leaders have been experiencing emails going out under their name requesting people buy gift cards for various reasons, including claiming to be to honor workers for meritorious service. If you receive an email from a District Leader asking for money or gift cards, please beware. If you look closely, the email address is probably not precisely that of the leader, and the subject line is probably something vague like "Do you have a minute" or "Can you help me". These are typical signs of a scam. And please note that our leaders never ask for money or gift cards to be sent directly to them. So please ignore such emails if you receive them - they are not from our District Leaders.
