

AGC OF INDIANA SAFETY FORUM

Join AGC of Indiana for a Safety Educational Forum on May 9th at the Renaissance Hotel in Carmel. The Forum will focus on Bridging the Generational Safety Gap on Job Sites. Join AGC of Indiana as we explore the Future of the Safety Professional Industry and how we bridge the gap to learn from one another.

KEYNOTE SPEAKER:

The AGC of Indiana Safety Forum will feature Doug Hayes, Safety Director for International Industrial Manufacturing at AECOM, the worlds' largest global infrastructure, engineering and management services company.

Hayes holds the very highest credentials within the construction safety profession including:

- Certified Safety Professional (CSP)
- Associate in Risk Management (ARM)
- Safety Trained Supervisor (STSC)
- Construction Health and Safety Technician (CHST)
- Associate in Loss Control Management (ALCM)
- Occupational Health and Safety Technologist (OHST)
- Safety Management Specialist (SMS)

In addition to his 35 years of service to a number of professional associations, his most recent publication for "Tech Magazine" is titled "Encouraging Young Professional Development is Key to Industry's Success".
