

SEAN M. HEALEY INTERNATIONAL PRIZE FOR INNOVATION IN ALS

NOMINATION FORM

The **Sean M Healey International Prize for Innovation in ALS** is a global prize celebrating excellence in research for an individual or team who catalyze exceptional discoveries leading to a transformative advance in therapy development in ALS.

Prize Criteria:

Investigator or team who made a significant advance in the ALS field impacting the development of novel therapies for ALS. Examples include but are not limited to:

- A technology to identify novel targets for drug development
- A technology to advance therapy development for ALS
- Tools or targets to stratify the ALS population and improve clinical trial design
- A global, multiple disciplinary collaboration that leads to new insights into the biology of the disease and translates into novel approaches for therapy development
- A novel outcome measure to improve efficiency in clinical trials in patients with ALS

Nominee

Title:

First Name*:

Last Name*:

Institution*:

Contact details

Email*:

Address*:

City*:

State:

Zip Code:

Country*:

Phone:

Is there another researcher (or multiple researchers) who should be considered along with this nominee for the prize on the nominated innovation?

If Yes, list names here and complete additional nomination forms:

*Required for valid nomination.

If you need assistance completing the nomination form, please contact healeycenterforals@mgh.harvard.edu

Healey Center

Sean M. Healey & AMG Center
for ALS at Mass General

Work being nominated

Citation*:

Nominee is being recognized for ... (25 words limit).

Brief description*:

Significance of the nominated work and its impact on ALS therapy development (500 words limit).

*Required for valid nomination.

If you need assistance completing the nomination form, please contact healeycenterforals@mgh.harvard.edu

Healey Center

Sean M. Healey & AMG Center
for ALS at Mass General

Innovation/Breakthrough*:

In 1-3 sentences, describe the breakthrough which supports the nomination.

Publication*:

One publication authored by the nominee is required but up to 10 will be accepted.

Supporting documents (for all researchers being considered)

CV

Academic CV and list of and list of publications in pdf format.

Recommendation letter(s)

At least one recommendation letter must be submitted in pdf format and up to three will be accepted.

Letters should be written by a third party (not the nominator or the nominee) and then uploaded by the nominator. Members of the Selection Committee cannot provide recommendation letters.

Please collate all documents into a single PDF. Only a single PDF document including nomination form and supporting documents will be accepted.

*Required for valid nomination.
